Follow us at Follow us at Cakephp multiple validation Im making a cakephp project and I have to have at least two things in my model: Username Password And I have to check each of those in my controller, like this: public function login() { if(\$this->request->is('post')) { if(\$this->User->login(\$this->request->data['User']['username'],\$this->request->data['User']['password'])) { \$this->request->data['User']['user\_id'] = \$this->User->id; return \$this->redirect(array('action'=>'index')); }else{ \$this->Session->setFlash\_\_('Invalid username or password, try again'), 'flash\_message'); } } } and in the model I have: var \$validate = array('username' => array('rule' => 'not

### What's New in the Batch Watermark Creator?

Calibre is a free and open-source ebook management application. It is intended as a replacement for proprietary ebook management applications, as a framework for writing ebook managers, and as a toolkit for implementing ebook management in other programs. It is developed with a goal of being platform and toolkit independent, similar to the way Qt works. What is new in this release: - New file handling UI (experimental) - Many, many bugfixes - New icon What is new in version 0.5.0: - Add file content monitoring - Improve options What is new in version 0.4.0: - Add Item access control - Add dlopen() and dlsym() for Dynamic Loading - Add new menu item to 'Calibre settings' What is new in version 0.3.0: - Properly support GNOME desktop environment - Properly support AppArmor - Properly support KDE desktop environment - More support for ALSA and PulseAudio - More support for HID devices - Add new feature: 'Homebrew' mode - Improve UX, IMO - Better compatibility with OSX (Applescripts) What is new in version 0.2.0: - Add option to disable book/series opening on startup - Add option to set reading to the next chapter - Add shortcut to set reading position - Add 'lock' on section What is new in version 0.1.0: - Initial releaseQ: How to access variables outside of controller (AngularJS)? I have a user.js file. I'm trying to access a variable that is defined inside the controller. I have tried doing it like this: user.js \$http.get("/user").success(function(user) { \$scope.user = user; }); controller.js var app = angular.module('testApp', []); app.controller('UserCtrl', function(\$scope, \$http, user) { \$scope.user = user.data; }); But it is not working. How can I access the variable user from user.js? A: You need to pass \$scope into your controller. app.controller('UserCtrl', function(\$scope, \$http, user) { \$scope.user = user.data; }); Kieran Marmion Kieran Marmion (born 5 March 1990) is an Australian rules footballer who plays for the Brisbane Lions in the Australian Football League (AFL). In the week leading up to the 2009 AFL Draft, Marmion underwent surgery on a torn ACL and was out of football
